

# Dane Demo Farms

## Dane Demo Farms Sponsorship

**Field Day Sponsorship** starts at \$250 and will help cover field day expenses such as bathroom facilities, seating, tent, signage, snacks, etc. With this sponsorship your name will be announced by the event host and your logo will be included on the event agenda and sponsor signage at the event.

**Research Project Sponsorship** starts at \$1,000 annually and will help cover the cost of soil and forage analysis. The higher the sponsorship, the more research you can support. With this sponsorship, you'll receive all the benefits of a Field Day Sponsorship plus your logo will be included on the Dane Demo Farms website.

**Edge-of-Field Sponsorship** starts at \$5,000 annually and will cover a portion of the runoff water analysis in a given year. A full year's analysis for one edge-of-field monitor is \$20,000. With this sponsorship, you'll receive all the benefits of the Research Project Sponsorship plus your logo will be displayed on the edge-of-field monitoring equipment.

**Customized Sponsorship** is open for negotiation. Don't see what you're looking for in any of these sponsorship opportunities? Reach out and let's chat.

**Meal Sponsorship** is the cost of an event meal. If this is of interest to you, let us know. We'll contact you when we begin to plan our next event that includes a meal.
